## Experiencia

1st Primary School Marasleio

Profesor de educación física

octubre de 2024 - diciembre de 2024 (3 meses)

Marasli 4, Athina 106 76, Grecia

During a three-month intensive practicum at the National and Kapodistrian University of Athens, I had the opportunity to refine my teaching practice in an international setting. Mentored by Professor Panagiotis Stasinou, I analyzed his established methodologies and worked to synergize them with the pedagogical models acquired at the University of Seville. Working closely with a Spanish co-intern and a team of Greek colleagues, I successfully implemented lesson plans that bridged different educational cultures. This experience not only enhanced my command of English as a medium of instruction but also developed my ability to adapt teaching strategies to meet the needs of diverse student groups.

Club de Campo Las Lagunas

Socorrista jefe

junio de 2023 - septiembre de 2024 (1 año 4 meses)

Lora del Río, Andalucía, España

---
